FREEDOM CONCEPTS INC. is very happy to be associated with this great athlete.

He has trained hard the past four years and is also the USA's top handcyclist by winning such events as:

June 2008 - Time trial: 1st, Road Race: 2nd, Rocky Mountain Omnium/USA Cycling National Championships, Golden, CO

March 2008 - 1st, Los Angeles Marathon, Los Angeles, CA

January 2008 - 1st, Miami Marathon, Miami, FL

November 2007 - 1st, New York City Marathon, New York, NY

August 2007 - Time trial: 2nd, Road race: 3rd, UCI Para-Cycling World Championships, Bordeaux, France

July 2007 - 1st, Sadler's Utra Challenge Fairbanks to Anchorage, AK, 267 miles

Alejandro will be using a bike he has custom designed in his races and has worked with FREEDOM CONCEPTS INC. in the off seasons to develop a more customizable and highly functional Handcycle. These bikes are made for anyone willing to try the sport for the first time or upgrade components if you are a seasoned rider with aspirations as large as Alejandro's.

With owner Ken Vanstraelen and his team, FCI hopes to develop a full line of Handcycles that can be individually tailored or as simple and easy to use as the bikes they currently produce for the health care market for children and adults with Cerebral Palsy, Traumatic Brain Injuries, Multiple Sclerosis, Spina Bifida, etc.

FREEDOM CONCEPTS INC. has been manufacturing mobility devices for over 17 years producing specially designed Freedom 3 Cycles as well as the Chill-Out Chair, FCI Walkers and Freedom Climbers. Visit their website at www.freedomconcepts.com.

Tune into YouTube this Friday to see if Alejandro can strike gold in Beijing!
